

Singular Genomics Systems, Inc. to Report Fourth Quarter and Full Year 2021 Financial Results on March 2, 2022

February 23, 2022

LA JOLLA, Calif., Feb. 23, 2022 (GLOBE NEWSWIRE) -- Singular Genomics Systems, Inc., a company leveraging novel next-generation sequencing (NGS) and multiomics technologies to empower researchers and clinicians, today announced that it will report financial results for the fourth quarter and full year 2021 after the market close on Wednesday, March 2, 2022. The company's management will discuss the results during a conference call beginning at 1:30 p.m. Pacific Time / 4:30 p.m. Eastern Time.

Investors interested in listening to the conference call may do so by accessing a live and archived webcast of the event at investor.singulargenomics.com, in the News & Events section.

About Singular Genomics Systems, Inc.

Singular Genomics is a life science technology company that is leveraging novel, next generation sequencing (NGS) and multiomics technologies to build products that empower researchers and clinicians. Our mission is to accelerate genomics for the advancement of science and medicine. Our Singular Sequencing Engine is the foundational platform technology that forms the basis of our products as well as our core product tenets: power, speed, flexibility, and accuracy. We are currently developing two products that are purpose built to target applications in which these core product tenets matter most. Our first product, the G4, targets the NGS market. Our second product in development, the PX, combines single cell analysis, spatial analysis, genomics, and proteomics in one integrated instrument to offer a versatile multiomics solution.
