## **Singular Genomics to Present at the Inaugural Gilmartin Group Emerging Growth Company Showcase**

August 18, 2022

SAN DIEGO, Aug. 18, 2022 (GLOBE NEWSWIRE) -- Singular Genomics Systems, Inc. (Nasdaq: OMIC), a company leveraging novel next-generation sequencing (NGS) and multiomics technologies to empower researchers and clinicians, today announced plans to present at the Inaugural Gilmartin Group Emerging Growth Company Showcase, taking place virtually.

Singular Genomics' management is scheduled to present on Wednesday, August 31, 2022, at 7:30 a.m. Pacific Time / 10:30 a.m. Eastern Time. Investors and other interested parties are invited to register and access a live webcast of the presentation by following this [link](#). Following the event, an archived webcast of the presentation will be available at [investor.singulargenomics.com](http://investor.singulargenomics.com), in the News & Events section.

### **About Singular Genomics Systems, Inc.**

Singular Genomics is a life science technology company that develops next-generation sequencing and multiomics technologies. The commercially available G4 Sequencing Platform is a powerful, highly versatile benchtop genomic sequencer designed to produce fast and accurate results. In development, the PX system leverages Singular's proprietary sequencing technology, applying it as an in-situ readout to look at RNA and proteins in single cells and tissue. With these products, Singular Genomics' mission is to empower researchers and clinicians to advance science and medicine.
