### **About Singular Genomics Systems, Inc.**

Singular Genomics is a life science technology company that develops next-generation sequencing and multiomics technologies. The commercially available G4 Sequencing Platform is a powerful, highly versatile benchtop genomic sequencer designed to produce fast and accurate results. In addition, Singular Genomics commenced development of the PX system, which leverages Singular's proprietary sequencing technology, applying it as an *in situ* readout to look at RNA and proteins in single cells and tissue. Singular Genomics' mission is to empower researchers and clinicians to advance science and medicine. Visit [www.singulargenomics.com](http://www.singulargenomics.com) for more information.
